Our most active customers will receive our bulletin automatically and free of charge. However, collectors interested in highly specialized areas and those who may order infrequently are asked to subscribe, as are those who want the bulletin by air mail. The names of non-subscribers may be removed from our mailing list at any time without notice.

Postage and insurance (or registration) fees will be billed to customers who order without sending advance payment. We will absorb the mailing fees on orders accompanied by full payment. All orders under \$5.00 must include \$.25 for handling. The above also applies to overseas orders. However, we cannot be liable for coins sent to countries that do not provide for insurance.

Applicable Texas Sales Tax must be included on all intra-Texas transactions. Texas dealers must furnish their permit number in order to be exempt from the tax. All prices quoted are in United States Funds.

All coins are guaranteed to be genuine unless otherwise noted. All items except books and coin supplies are sent on five day approval. Unless prior extension is arranged, all items must be completely paid for within fourteen days after their dispatch from our offices. After that a 1% per month interest charge will be added.

COB COINAGE OF THE AMERICAS

Numbers used (except for the first 3 items) are from "Compendium of VIII Reales" (2 volumes) by Gabriel Calbeto. The set of two volumes is available from us for \$75.00. However, during our Tenth Anniversary we are extending a 15% discount on orders over \$50, therefore the actual cost will be \$63.75.

#626 in Vicente, #1158 in Rodriguez. 2 Reales 1728M, Potosi. Date, assayer and mint are all quite visible on this unique heart-shaped coin. The obverse impression in itself is quite probably unique due to the fact that the top half of the die was used on the top half of the coin and then apparently reversed to the bottom half. A holed EF, RRR . 265.00

4 Reales, Potosi, Philip II. Could be Assayer "B". The photo will indicate that the coin is in fact quite reasonable at only 42.50

#304 in "Monedas Hispano-Americanas" by Jose T. Medina. 8 Reales of Philip IV, minted in Nuevo Reino. This is in fact the exact coin illustrated on page 258 of that book and was without doubt one of the pieces most highly prized by Medina. Very Fine, RRR. 1,250.00

#957 8 Reales of Philip II, Assayer B, minted at Potosi. The coin is holed at 12:00 o'clock, but otherwise Very Fine 50.00

#1077 8 Reales of Carlos II, 1674E, minted at Potosi. Consider Calbeto's price of \$750.00 when you order this holed, but otherwise Very Fine almost perfectly round piece. We previously offered it at \$250.00 — now you can buy for 200.00

COB COINAGE OF THE AMERICAS

#1106 8 Reales 1688VR, minted at Potosi. This coin is by far the finest round cob we have ever handled from the condition aspect. It can be seen from the photo that this coin is far superior to the coin illustrated in Calbeto. Considering the stature of his fine collection, this in itself is the finest compliment that can be paid to this coin. Almost as struck but call it EF to avoid discussions. 600.00

#1106 - Another example of the above coin but of course the condition cannot begin to compare with the above. A holed Fine, but still worth 75.00

#1109 8 Reales round cob 1690VR, struck at Potosi. Our reference number at the left is in fact incorrect due to the fact that Calbeto does not show this year to have been struck as a round cob. Considering the completeness of Calbeto's book, I must consider this a true rarity because of its omission. Holed but a nice Very Fine . . . 325.00

#1111 8 Reales 1692VR, struck at Potosi. The coin has a Guatemala sun and mountains counterstamped on it. Fine 35.00

#1141 8 Reales round cob, 1709Y, struck at Potosi. Again Calbeto does not list a round cob of this year. One of the finest examples I have seen from this period. VF 275.00

#1189 8 Reales 1740M, minted at Potosi. Struck on a small planchet but nevertheless a desirable piece at 45.00

#1204 8 Reales 1750E, struck at Potosi. Again struck on a small planchet, but almost round and I feel a more desirable piece than that illustrated in Calbeto. Very Fine . 125.00

#268 8 Reales 1693V, struck at Lima. The piece is almost perfectly round and bears a sun and mountain counterstamp. The discerning buyer will appreciate this holed EF 400.00

Numbers used in this section are from the second edition of Pillars and Portraits by Robert P. Harris. The book is available from us for \$5.00.

Set of three coins Y110, 112, - 2, 5,	
& 10 Centesimos 1967, BU	.45

The following three pieces are rare patterns for Chilean coins which were subsequently struck in gold. We have never before sold these pieces and we consider them to be extremely rare. With the way material of this nature has been appreciating in price, we feel that they are not only a numismatic treasure, but also an extremely safe investment in these days of the "shrinking dollar".

CHILE (CONT)

1 Ounce 1948. This coin was apparently not adopted for regular issue. From the inscriptions, it is obvious that the coin was intended for a gold striking although this coin is struck in brass. Obverse: Flowing-haired liberty in center. Around is "CASA DE MONEDA DE CHILE" below bust is the mint mark 8. Reverse has "WEIGHS ONE OUNCE OF FINE GOLD. PESA 31.103 G DE ORO FINE. 1948" in six lines, enclosed in a square which inturn is enclosed in a wreath. 34mm in diameter. Reeded edge, EF, RRR .125.00

RARE FRENCH STYLE PATTERN PIECE OF CHILE

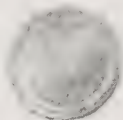

Bronze pattern, 37mm. We are offering what we feel to be a rarity at an extremely moderate price. This is listed in the official Chilean Government publication "MONEDAS DE CHILE, 1743-1943" in the section headed "PROYECTOS, ENSAYOS, PRUEBAS" (projects, patterns; trials), and for this reason cannot be considered a medal although at first glance it appears so. As further proof of its status, I might mention that it is not included in "MONEDAS Y MEDALLAS DE CHILE" by J. T. Medina. We searched the medal section carefully and could not encounter it. PARAGUAY

We have obtained two complete collections of Paraguayan coins and this has made it possible for us to offer our largest selection ever. Complete collections of these coins are rarely available inasmuch as three type coins are hardly obtainable, namely the crude and somewhat different design of the 4 Centesimos 1870 which we consider to be a separate type in our recent publication, Coins of Paraguay. This coin is suspected to be struck at the Asuncion mint. Also the 5 Centavos and 10 Centavos of 1908 are quite rare and this has gone unnoticed by most collectors. The peso of 1889 which is usually the highest priced of all, should not be considered rare but rather fairly scarce and very popular since it is a crown. By the

way, for this coin see our 8 Reales and Pesos section. The numbering system used hereby agrees with our recent publication, Coins of Paraguay, by Alcedo F. Almanzar and Dale A. Seppa, available from us at \$1.50.

EIGHT REALES AND PESOS OF THE NEW WORLD

The references used to catalog this section are: (1) Primarily Elizondo's Eight Reales and Pesos of the New World book, the first numbers being the code numbers and the "E" numbers being the type. Then each coin is cross-referenced to either Yeoman's Catalog of Modern World Coins book or Craig's Coins of the World 1750-1850.

Elizondo's numbers are being used by all of the leading numismatists in the United States and overseas. Collectors without a second edition are urged to obtain a copy. The book is available from us at \$12.50 postpaid.

GUATEMALA COUNTERSTAMPS have become increasingly popular since they were listed by date in Elizondo's 2nd edition and so we have been selling them as soon as we get them. The collector will be interested in realizing that the prices indicated on pages 192 and 193 of Elizondo's book are meant to be for Fine, Very Fine and Extremely Fine. You can verify this by looking at pages 194 and 195. Also, in 99% of the cases the counterstamped coins are rarer than the regular issues. If you compare evaluations in Elizondo's book of the regular issues and counterstamps, you will note that some of the counterstamp evaluations are lower.
